LOBOO
For My Motour Life

Packing list:

Parameter:

Battery type: Lithium-ion battery

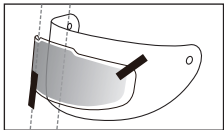

Battery capacity: 120mAh / 0.444Wh

TYPE-C input: 5V-0.2A

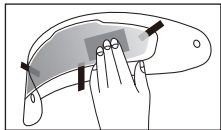

Operating temperature: -20°C to +50°C

Storage temperature: -30°C to +60°C

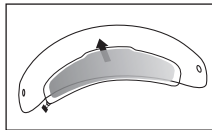

Installation instructions:

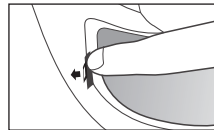

- ① Take out the positioning patch and place it on the outside of the helmet visor for alignment. Ensure the positioning patch is centered in your line of sight and secure it with the guiding labels.

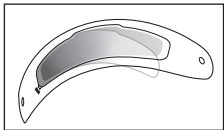

- ② Remove the helmet visor, clean the inside of the visor with the wipes, and then dry it with the cleaning cloth to ensure it is free of dust and stains.

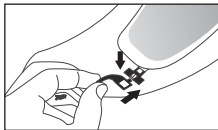

- ③ Peel off the backing film from the photochromic visor. Align it with the positioning patch on the inside of the helmet visor and press firmly around the seal.

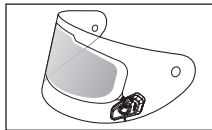

- ④ Peel off the adhesive backing from the photochromic visor socket and press it firmly in place.

- ⑤ Remove the positioning patch and peel off the protective film from the inside of the photochromic visor.

- ⑥ Peel off the EVA double-sided tape from the socket, connect the male connector of the controller to the female connector of the photochromic visor, and press firmly.

- ⑦ Peel off the adhesive backing from the controller ribbon cable and attach it to the helmet visor. If the ribbon cable is too long, it can be folded between the two adhesive areas of the controller. Choose a suitable position and stick the controller to the outside of the helmet visor to complete the installation.

Usage:

1. In the powered-off state, short press the switch to make the screen flash once and enter the intelligent light-sensing mode.
2. In intelligent light-sensing mode, long press the switch for 1 second to make the screen flash twice and enter manual mode.
3. In manual mode, short press the switch to toggle the visor between dark and light shades.
4. In manual mode, long press the switch for 1 second to make the screen flash once and return to intelligent light-sensing mode.
5. If the visor remains stationary for more than 5 minutes but less than 2 hours, it will enter sleep mode.
6. In sleep mode, if vibration is detected, the visor will resume its previous working state before sleep.
7. If the visor remains stationary for more than 2 hours, it will automatically power off.

Precautions:

1. Do not excessively bend the photochromic visor; damage caused by this will void the free warranty service.
2. Do not reinstall the photochromic visor after initial installation; damage caused by this will void the free warranty service.
3. The dark visor may impair visibility at night or in rainy conditions. Please carefully read the after-sales service terms before deciding whether to install it.
4. Do not pull the connectors and ribbon cables forcefully.
5. When not charging, ensure the silicone plug of the charging port is closed.
6. Clean any dirt on the surface promptly. Use a glasses cloth dampened with clean water to wipe it. If necessary, use a neutral detergent. Do not use acidic or alkaline liquids for cleaning.
7. Avoid storing this product in high or low-temperature environments, and keep it away from fire.

Warranty card

Please read this warranty card carefully. If you cannot accept it, please contact the dealer in time for return or exchange. Installation and use constitutes acceptance of this after-sales service terms.

Warranty terms

1. One-Year Free Warranty: This smart photochromic helmet visor comes with a one-year free warranty. Within one year from the date of purchase, if quality issues occur under normal use, free repair services will be provided.
2. Limited Warranty: After the one-year warranty period expires, LOBOO will offer paid repair services. The cost will be based on the actual cost of replacement materials, with no additional labor charges.
3. Exclusions: This service policy does not apply to cases of man-made damage, improper installation and use, self-disassembly, self-modification, etc.
4. Disclaimer: Users must be aware that this product is a modification part, and its quality and service life may be affected by different installation and usage environments. Except as explicitly required by law, LOBOO is not responsible for any direct, indirect, special, incidental, or consequential losses or damages arising from the user's installation and use, including any risks and costs associated with disassembly and installation. This disclaimer is not limited by other legal provisions.

配件清单:

产品参数:

电池类型: 锂离子电池

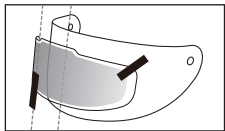

电池容量: 120mAh/0.444Wh

TYPE-C输入: 5V-0.2A

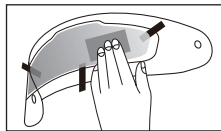

工作温度: $-20^{\circ}\text{C} - +50^{\circ}\text{C}$

储存温度: $-30^{\circ}\text{C} - +60^{\circ}\text{C}$

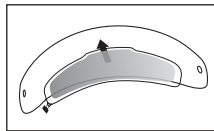

安装步骤

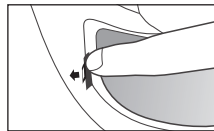

- ① 取出定位贴放在头盔镜片外侧进行比对，确认定位贴位于视线正中并用引导标签固定。

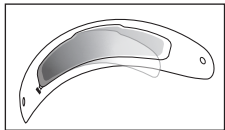

- ② 拆下头盔镜片，用湿巾清洁头盔镜片内侧并用清洁布擦干，确保头盔镜片内侧无灰尘无污渍。

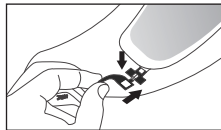

- ③ 撕开变色镜片离型底膜，在头盔镜片内侧对应定位贴位置与之重合，粘贴并按紧一圈密封胶。

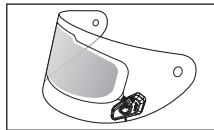

- ④ 撕开变色镜片插座背胶并贴紧。

- ⑤ 移除定位贴，撕掉变色镜片内侧保护膜。

- ⑥ 撕开插座EVA双面胶，连接控制器公座与变色镜片母座并按紧。

- ⑦ 撕开控制器排线背胶贴在头盔镜片上，过长的排线可折叠于控制器两个3M胶中间，选择合适位置把控制器粘贴于头盔镜片外侧，完成安装。

使用方法

1. 关机状态下，短按开关屏闪一次进入智能感光模式。
2. 智能感光模式下，长按1秒开关屏闪两次进入手动模式。
3. 手动模式下，短按开关切换镜片深色和浅色。
4. 手动模式下，长按1秒开关屏闪一次进入智能感光模式。
5. 静止状态大于5分钟且小于2小时，镜片进入休眠状态。
6. 休眠状态当有振动时，镜片恢复休眠前工作状态。
7. 静止状态大于2小时，镜片自动关机。

注意事项

1. 禁止过度弯折变色镜片，由此造成的产品损坏将失去免费保修服务。
2. 禁止变色镜片二次拆装，由此造成的产品损坏将失去免费保修服务。
3. 深色镜片在夜晚或雨天可能会对驾驶视线产生不良影响，请仔细阅读售后服务条款再选择是否安装。
4. 请勿用力拉扯接头和排线。
5. 不充电时请保持充电口硅胶塞为关闭状态。
6. 表面有污垢请及时清洁，请用清水浸湿眼镜布擦拭，如有必要请使用中性清洁剂，严禁使用酸碱性和液体清洁。
7. 避免将本产品储存于高温或者低温环境，同时避免与火接触。

售后服务保障卡

请仔细阅读本售后服务保障卡，如不能接受，请及时联系经销商退换货，安装并使用即表示接受此售后服务条款。

售后服务条款

1. 一年免费保修期，此款头盔智能变色镜片自售出之日起1年内，在正常使用情况下出现质量问题，可享受免费维修服务。
2. 有限保修：1年保修时间到期后，LOBOO将提供有偿保修服务，费用以实际更换材料费用为准，不另收取人工费用。
3. 本服务条款不适用于以下情况：人为损坏、安装和使用不当、自行拆解、自行改装等等。
4. 用户需意识到此款为改装部品，其质量和使用寿命会受到安装和使用环境不同而受影响，除法律明确规定外，LOBOO对用户安装和使用过程中产生的直接、间接、特殊、偶然、必然的损失或损伤以及拆装风险和费用等，均不承担责任，而且不受其他法律条文的限制。
